

"Specialized Investigations: Providing Solutions for Protection, Integrity, and Growth"

Delivering expert investigative solutions to safeguard assets, uncover critical information, and ensure compliance. Our specialized approach helps businesses, organizations, and communities mitigate risks, enhance security, and maintain trust for a stronger and more resilient future.

Who We Are

We are industry experts providing specialized investigative and investigative support services. Karl Griffin, a licensed private investigator, leads in-depth investigations, uncovering critical information with precision and discretion. James Lewis specializes in advanced surveillance, forensic analysis, and investigative technology solutions that enhance security and case outcomes. Together, we deliver comprehensive solutions that safeguard assets, ensure compliance, and support legal and investigative processes with accuracy and integrity.

Why Choose Us

Deep Industry Experience

With decades of deep industry experience, we deliver expert investigative and surveillance solutions tailored to meet evolving challenges with precision and integrity.

Consulting Expertise

Our consulting expertise provides strategic insights and tailored solutions to enhance security, mitigate risks, and support informed decision-making.

Rapid Value Creation

We specialize in rapid problem-solving, delivering swift, effective solutions through advanced investigative techniques and strategic analysis.
